

# Lexis®Create Deployment Process

LexisNexis is on hand to support you at every stage of your Lexis®Create deployment. A typical process follows the steps outlined below.

## LexisNexis Deployment Team

**1** LexisNexis deployment support provides customer IT contact with Lexis®Create software pre-requisites and suggested test plans.

**5** LexisNexis Onboarding team helps get users started with Lexis®Create.

## Customer

**2** IT contact runs software tests for Lexis®Create.

**3** IT contact confirms to LexisNexis that testing has been successful and customer is ready to deploy Lexis®Create.

**4** Lexis®Create deployed to users.
